Hohenschield Burned in Effigy.

The resentment that has been held in check so long against Hohenschield, Salts and Buckley, culminated last night in a public demonstration participated in by one hundred and ninety students of the School of Mines, and witnessed by hundreds of citizens. It was about seven o'clock in the evening, while every one was on the street, that the student body marched through the streets with torches. At the head of the procession several of the students carried a coffin draped in black, upon which was painted in large white letters the name Hohenschield. The whole procession was orderly in the highest degree and were singing. They took the coffin to the vacant lot in front of the Imperial hotel, and there took the effigy from the coffin, laid it on a pile, where services were conducted, hymns were sung, and the effigy was burned. Good order prevailed, and hundreds witnessed it. Some time during the night another effigy was swung on the electric light wires, where 8th and Pine streets cross, in front of the Grant Hotel, upon which was pinned a placard with the inscription, "Three of a kind, and under this the names Hohenschield, Salts, Buckley. Following the burning of the effigy the coffin was taken to Lake Frisco, filled with oil, set on fire and pushed off on the water to burn and sink. No comments are necessary. The action speaks for itself.—Rolla Herald-Democrat.

because his county is not organized. Every boy who desires to enter this contest will be given the opportunity, but it will be better if a number of boys from the same neighborhood can enter the contest.

It will be well for every boy entering the contest to get a copy of the last annual report of the Board of Agriculture in which may be found a great deal of information that will be valuable to him in the selection of the best corn.

After the corn is matured next fall a selection should be made of 10 ears to exhibit at the local corn show. This will afford the boys experience that will be valuable to them in the selection of 10 ears to be forwarded to the State Corn Show.

A Methodist Minister Recommends
Chamberlain's Cough Remedy.

We have used Chamberlain's Cough Remedy in our home for seven years, and it has always proved to be a reliable remedy. We have found that it would do more than the manufacturers claim for it. It is especially good for croup and whooping cough.

REV. JAS. A. LEWIS,
Pastor Milaca, Minn., M.E. Church.
Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. When given as soon as the croupy cough appears it will prevent the attack. For sale by Arcadia Valley Drug Co.

GET THIS BEAUTIFUL COLORED
PICTURE FREE.Splendid Reproduction, in Sixteen
Tints, of a Celebrated Painting.

Every person who sends \$1 to pay for a year's subscription to the *Twice-a-Week Republic*, of St. Louis, Mo., and *Farm Progress* will receive, ABSOLUTELY FREE, a beautiful colored picture, 21 by 32 inches in dimensions, entitled "The Departure of the Bride from the Home of Washington." This picture is an exact reproduction of the celebrated painting by Ferris. Sixteen colors were employed in the process. It is made on a fine, heavy paper, and will make, when framed and hung, a magnificent ornament for the home. Aside from its genuine artistic merits, it possesses an uncommon interest to every American, as the central figure in it is George Washington, standing at the portal of his Virginia home, bidding adieu to the bride and bridegroom. The color work is highly ornate and correct in every detail, as are the characters, representations, costumes, etc.

A Corn Growing Contest for Boys.

The Missouri State Board of Agriculture co-operating with the Agricultural College and State Corn Growers' Association will hold a Corn Contest for Missouri boys in connection with the 4th annual State Corn Show to be held in Columbia the second week in January, 1907.

There are to be two classes of prizes for the boys, one for boys 15 years of age or younger and another for boys more than 15 years old and under 20. In order to give a number of boys an opportunity to get in on the premiums at least 15 or 20 premiums will be offered in each class. The highest premium will probably be \$20 in cash.

Every boy who reads this letter and who wants to enter this contest should apply at once to Prof. M. F. Miller, Columbia, Secretary of the Corn Growers' Association, and he will be furnished a copy of the rules for entering the contest. Where good seed corn can be secured in the neighborhood it is advisable to take the kind of corn that has proven the most successful, but if no improved corn can be obtained then a small amount of seed will be furnished by the Agricultural College upon application to Prof. Miller.

Corn is the principal crop in most every county in the State of Missouri, and it is with a view of arousing a general interest in the improvement of the corn crop in both the yield and quality that this demonstration will be held, and also for the purpose of getting the farmer boys of the State interested in scientific Agriculture.

Every county should organize a local corn show and corn growers' association, and the citizens of the county should aid this movement by offering premiums for exhibits at these local corn shows.

The state authorities do not propose to offer any premiums at the local shows but will award premiums for exhibits only at the State show. No boy should be deterred, however, from making an exhibit

Obituary.

We regret to announce the death of our friend and neighbor, Bro. Lee Lewis, who departed this life February 5, 1906, of pneumonia fever, aged 33 years and 9 years. He was the youngest son of Robt and Polly Lewis of Carver Creek. Death has taken from his parents the joy, pride and comfort of their declining lives; from his young wife a loving, devoted and tender husband, yet we have the full assurance that we can speak of him as one whose end was happy; whose death was but a little brook, across whose chilling waters Christ accompanied him and joined him to the shining and happy host on the other shore. How uncertain is life! He was converted about one month before his death. He was well known in this community and liked by all who knew him. He was a member of the M. W. A. in good standing. He leaves a wife and two children, aged parents, several brothers and sisters and a large number of relatives and friends to mourn his loss. His remains were laid to rest in Emmaus Chapel cemetery by the Order of the M. W. A.

Now our hearts are filled with sadness;
But when we reach the other shore,
Then all will be gladness,
For we're met to part no more,
Then let our tears cease to flow,
For God has recalled His own;
Then let our hearts, in every way,
Still say, "Thy will be done."

A FRIEND.
